

Jay Albert Kent

Katz & Klein, Inc

EMPLOYEE SPOTLIGHT

August 2008

Jay has been with Katz & Klein for almost a year. He mounts lenses into frames in the Finishing Department and is currently working on perfecting the art of three-piece drill mounting.

Jay was born February 26th, 1985 in Sacramento inside a barn. If you asked him how he felt about working for Katz & Klein he'd tell you "I really like the people I work with" and also enjoys the relaxed environment.

If he was to go out to eat and it was his choice, we would go to Katmandu on Broadway for their Indian Buffet. Jay would more than likely order clear water with clear ice to wash down the tasty meal. And believe it or not his favorite colors are...black and clear.

When not at work his favorite thing to do is sleep..... when he's allowed. He doesn't get much of it, but when he does he loves it. He also likes to make sounds with his guitar and sometimes does it in the band he's in with some other guys. Jay also likes to draw, collect records, and gamble even though he's real terrible at it.

For his dream vacation Jay would like to hitchhike and bus around the country and then magically have money to get on an airplane and do the same in Europe.

Jay's goal in life is "Eat lots of delicious food, play rock n roll, travel, try to survive..... what else matters?!"

Jay is a great worker and a stellar guy. We all enjoy having him here and he makes us laugh every day. In the short time he has been here, Jay has proven to be a valuable asset to Katz & Klein.
