

Ken Brand *Katz & Klein, Inc* EMPLOYEE SPOTLIGHT August 2009

Ken was born September 3, 1974 in Carmichael, CA. He grew up in various places such as Texas, New Mexico, and several places in California. Ken has one brother and three sisters who all live on the West Coast and has two children, Gauge, 14 and Olivia, 11.

Ken has been with Katz & Klein for four years and started in the Customer Service Department on the phones. He steadily worked his way up as Customer Service Manager within his first two years.

Ken favorite part of working at Katz & Klein is the satisfaction he gets from working for an independent company. He also likes the business owners who are approachable and accessible whenever he needs them and the fact there isn't a dress code.

Ken's favorite foods are Mexican, BBQ, and seafood. He enjoys drinking water, RC Cola, Weinhard's root beer, iced sun tea, and Horchata. His favorite color is green. In his spare time he helps run a record label, plays in a band called Rat Damage, and books shows for bands from all over the world. He also likes to read, write, and paint. Ken's most favorite thing though is spending time with his more pleasant half, Anna.

Ken's dream vacation would be spending six months exploring foreign places such

as Japan, Northern Europe, the West Coast of Africa, South America, and Iceland. His life goals are to go back to school and become a rehab counselor, buy a house, travel, and see his kids grow up to be happy and successful. Ken doesn't have a motto for life but he has always liked the quote by Emiliano Zapata "It is better to die on your feet than to live on your knees".

We all enjoy working with and knowing Ken and it goes without saying that he's a valuable asset to Katz & Klein now and in the future.
