

Dawn Arlleyne Fualautualasi

Katz & Klein, Inc

EMPLOYEE SPOTLIGHT

June 2008

Dawn was born May 12, 1981 in Fayetteville, North Carolina. Her father was in the Army so shortly after her birth the family moved to Sacramento, then to Giessen, Germany and finally back to Sacramento when Dawn was in the fourth grade. She's lived here with her parents and two siblings and is now married to husband George. They plan to have enough children to start their own soccer team and raise a donkey as a family pet.

Dawn has been at Katz & Klein for seven years and is the Manager of the Inventory Department. Her favorite things about working here are the people she works with and the opportunities she gets everyday to help others.

When you sit down with Dawn and find out what makes her tick, your conversation will quickly be filled with jokes and laughter. Her motto in life is "Everywhere you go, there you are". When asked what her favorite things are you'll also end up finding some of the things she can't stand as well. When it comes time to eat, Dawn likes chicken, rice, and 30 packages of catsup. She can't stand soda, candy, cake, or chocolate. She enjoys drinking unsweetened iced tea, iced water, Corona, and margaritas. Her favorite color is red (highlighted with black of course).

When she's not at work, Dawn likes to go to the movies, Karaoke, or just relax and hang out with family and friends. Dawn's idea of a dream vacation would be to drive around the country visiting historical points of interest such as Colonel Sanders' grave (maybe eat some chicken with the locals), and finding the world's largest farmer's market.

Dawn's goals in life are to be in two places at once, to find the person responsible for stealing pens off of her desk and punish them accordingly (uhhh...because there's not enough pens around here to go around?!), to finally establish dominance, to implement more harsh punishment for parole violators, and to achieve world peace. Oh yah, to also eat right and stay fit.

Dawn is a wealth of knowledge and help. We all enjoy working with her and many of us consider her a good friend. Katz & Klein would definitely not be the same without her. She is a huge asset to the company and we all appreciate her and the work she does.
