

# Candy Lynn Corcoran

## *Katz & Klein, Inc*

### EMPLOYEE SPOTLIGHT

### February 2009

Candy was born May 23, 1956 in San Francisco but grew up in Santa Rosa, California. She moved to Sacramento when she was 21 and started working for Katz and Klein. She started in December of 1977 and is the first and only job she's ever had. Candy began as an office employee and is now the company's controller.

Candy has two sisters and three nephews who all live in Lone California. She says that when it comes to marriage, she falls in the "third time's the charm" category. She has been married almost six years to her 100% Irish, "quirky and wonderful hubbie", Jimmy.

When it comes to her favorite part of working at Katz and Klein, Candy says it's definitely the family atmosphere. She cherishes the relationships she's built over the years and it's nice to know that someone always has your back.

Candy's favorite food is shellfish with a side of Italian. She loves milk but when she's having fun it's Korbel brandy or good Champagne. She says her favorite color is Lavender

because it's nice and relaxing. When she's not working she enjoys traveling, cooking and sometimes she will read 2-3 books in a week.

Candy is planning to vacation in Italy next year, probably somewhere on the coast which fits in with her love of the ocean and coastline. Her ultimate goal is to one day retire and live someplace along the Northern California coast. She says, "being by the water is Zen like to me. You can walk for miles along the shoreline and in no time, your mind is in a better place".

Candy has been with Katz and Klein for 31 years and is a very loved and important part of the "family". Without her, we would all be in really big trouble. Thank you Candy for all you do for the company and for all of us individually.
