

## Heide Christine Mathews-Boult

### *Katz & Klein, Inc* **EMPLOYEE SPOTLIGHT** **January 2010**

Heide was born and raised in Sacramento. She moved to Chico at the age of 19 to attend Chico State. While there Heide was a bartender and a "Punk Rockin' Babe" during the Punk heyday. It was in Chico that she got her first Optical job in a lab. After she graduated, she moved back to Sacramento.

Fast forward to 1991, Heide got a job as a sales rep. for Silhouette and moved to the Los Angeles area and lived in Malibu. Before she moved, she had met her current husband, Craig and continued a long distance relationship with him for seven years. In 1998 the Sacramento territory opened up and Heide jumped at the chance to move back to Sacramento to be with Craig. They were married in 1999 and Heide became "Momma" to Craig's two daughters.

Heide has been with Katz and Klein for five years and is one of our Sales Reps. Heide says she loves her job and one of her favorite things about it is the relationships that she builds with our clients. You can tell just by talking with her she really does love her job, and she's really good at it to boot.

Heide loves to eat Chicken Piccata and drink Blueberry Juice. Her favorite color is yellow. In her spare time she enjoys gardening, painting with Water Colors, and making jewelry. Her dream vacation is to spend two months on the Mediterranean Coast of Sicily.

When asked about her life goals, Heide simply replies, "too old" but if she had any particular motto she lived by it would be "I'm all clichéd out". Two little known facts about Heide are that she is quite talented in the department of Acappella singing, and she can touch her nose with her tongue.

Heide is one of the coolest and most down to earth people working for Katz & Klein. When she's around there's sure to be something to make you laugh. We all love having her as part of the Katz & Klein family.
