

# James "Jim" Perry Lawrence

## *Katz & Klein, Inc* **EMPLOYEE SPOTLIGHT** **May 2008**

Jim was born May 7th, 1972 in Sacramento. He grew up here and doesn't plan on leaving.

Jim has worked in the surface department at Katz & Klein for three and a half years. His job is to pull tools for surfacing but he also helps out with backside coating and the generator when he is needed. Jim is a very hard working employee and a huge asset to the team in the surface department as well as Katz & Klein as a whole.

If you ask Jim what he likes about working here, he'll tell you that the best part of his job is his co-workers. He really enjoys the people he works with. He also mentioned the famous company parties and the fact that there really isn't a dress code. He likes the "family" atmosphere of working at Katz & Klein.

When asked about some of his favorite things, you quickly found out that Jim is a connoisseur of Pizza and Burgers. If you're ever in Sacramento and need a tip on where to get some grub, sounds like Jim is your man. When he's enjoying one of these fine foods he also likes to enjoy one of his favorite beers which include Pabst, Beck's, Sierra Nevada, and Coors. When not drinking beers, he's enjoying a nice cold Coca-Cola. Jim likes the colors black and blue and when not at work, he enjoys just hanging out with friends and partying. When not hanging around partying, you'll find him either taking long walks or swimming.

Jim doesn't have any kids or pets, so his dream vacation to Cypress would be relatively easy to accomplish. His goal in life is to be the best at whatever he is doing....which I personally, can fully admire.

Jim is a great guy, a good friend, and a hard worker. Katz & Klein is better with him here and we all appreciate him.
