

# Ted Robert Ibarra

## *Katz & Klein, Inc*

### EMPLOYEE SPOTLIGHT

#### June 2009

Ted is our custodian at Katz & Klein and even though he is "behind the scenes" he provides a very necessary service to us and our customers. Aside from keeping the place in shape Ted is also a really cool guy.

He was born July 21, 1958 in Sacramento and lived here ever since. He has an older sister, two younger sisters and four grown kids, three boys and one girl.

Ted has been with Katz & Klein for almost a year and what he enjoys most about working here is "I get to eat whatever is left in the fridge over the weekend.....just kidding". Kidding aside, his real enjoyment comes from knowing he keeps the lab looking nice for us and our customers and gives 110% in everything he does.

Ted's favorite food is the original Luigi's Pizza in Oak Park and enjoys drinking both 7Up and Budweiser, but as to which is his favorite, it's a toss-up. His favorite color is green and in his spare time enjoys sleeping whenever he can. Ted also likes to listen to music, Oldies are his favorite.

If he ever gets to go on his dream vacation it would be Hawaii to check out the beaches and explore the volcanoes. It really doesn't matter where he vacations just as long as his best friend and mate Betty Sue is with him.

Ted has achieved his goal in life which was to see all his children grow up, become happy and they now all have good jobs. The only thing left is his youngest son to graduate high school, and to see his grandkids be happy.

Ted's motto in life is "Keep it real". He's a really good guy and fun to be around. We appreciate his contribution so from all of us at Katz & Klein, "Thank you" for all you do.
