

**Robert "Bob"  
Counselor Smiley  
*Katz & Klein, Inc*  
EMPLOYEE SPOTLIGHT  
April 2009**

Bob was born January 26, 1962 in Seattle Washington. At the age of two his family began moving around to places like South Dakota, Ft. Worth, Texas, Delaware, and numerous times back to Seattle. At the age of 28 he moved to Sacramento and has been here ever since. He has two older sisters also living in Sacramento, as do his daughter and mother.

Bob has worked at Katz & Klein for six years and is our Finish Bench Manager. He is a quick witted guy with a great sense of humor and a penchant for inventing things to make our jobs easier. He has a strong work ethic, is extremely detail oriented and is a respected and valuable member of our family. When asked what he likes about working at Katz & Klein he'd tell you the people and "the constant supply of things to fix and learn from" that keep him interested. Most of us here probably have learned a lot from Bob just by asking him questions.

Bob's favorite foods are lobster with melted butter on soda crackers and pizza. He enjoys ice cold diet Coke or peach iced tea. His favorite color is burgundy and absolutely cannot stand yellow. His hobbies include painting, playing the guitar and working on stuff. He hopes one day to sail across the Pacific Ocean to Thailand. His motto for life is "effort equals results".

Bob is an integral part of the Katz & Klein team and working here wouldn't be the same without him. Thanks for all you do Bob.
